

# Prosthetic Performance Clinic

Hosted by **SPECTRUM**  
PROSTHETICS + ORTHOTICS, LLC

## DESCRIPTION

Spectrum invites you to participate in our Prosthetic Performance Clinic on April 16th. This will be a great opportunity for you to work with Prosthetists, Physical Therapists, and Industry Experts to maximize the use of your prosthetic. This clinic is open to everyone, and will benefit amputees at any level of ability. Come join the fun 12:00 to 5:00, with a BBQ after.

### INSTRUCTOR – CHRIS DOERGER, PT, CP

Chris has been in the healthcare field for 15 years. She began by obtaining her master's degree in physical therapy from the University of Miami in 2001. Her physical therapy practice has included neurology, orthopedics, trauma/critical care, and burn care across multiple settings. Chris also obtained a certificate in prosthetics from Northwestern University in 2005. She is licensed to practice both physical therapy and prosthetics in the state of Florida. She now works as a Clinical Specialist in Prosthetics for Össur.

### INSTRUCTOR – BETH SCHWEIZER, MS, PT

Beth is a graduate of Des Moines University Physical Therapy in 1992. She has specializes in outpatient orthopedics, and women's health. Her primary focus is on building strong bodies allowing active adults, students and athletes to return to their peak performance or above following injury or illness. She practices in Des Moines Iowa with Rock Valley Physical Therapy.
